What intense pain is caused by toothache. How many sleepless nights and weary days are due to its raging influence. Yet the true cause of all this torsent is decayed teeth, produced by neglect and inattention. Could only those who have at present good, sound teeth fully realize this fact, how careful would they be to keep their teeth in good condition. To all such we will give a word of advice. Clean your teeth daily with a good dentifies, such as Thurston's Ivony Prant. Toorn Powier. It will preserve your teeth thirough life, remove all tartar or extraneous matter, keep them clean, sound, and white, and toothache, with all its horrors, will be unknown. Gentle in its effects, yet it carries off all extraneous matter and leaves the vital organs clear and unobstructed.
